THE RESORT

The resort is located in a nature park with dwellings dating back to the early '20s, when the area was improved by Prince Giovanni Torlonia.

The buildings include a country chic hotel with 50 rooms of exceptional quality, nestled within the greenery of the nature reserve.

LET'S CELEBRATE THE UNFORGETTABLE

The resort has three multi-function rooms and a covered outdoor area where it is possible to create modular layouts depending on organisational requirements: private parties, weddings, meetings, incentives, conventions, cocktail parties and exclusive promotional events that can be customised.

Our consultants will assist Guests through every step of the organisation of the event, providing a refined banquet service, modern technology and expertise regarding the area. What makes your events genuinely exclusive is the opportunity to combine spa and treatments at the wellness farm. The wellness centre is set against a natural backdrop of extraordinary beauty: the Porto Oasis, a nature reserve along Rome's coastline. Here, the ancient pomp and splendour of imperial Rome has returned, with over thirty wellness

TEAM BUILDING TAILOR MADE

The team building activities suggested by the group “Mai dire eventi” are all designed to boost teamwork, promote communication, develop leadership, and convey training and company messages in a fun, engaging and original way. In addition to the existing formats, it is also possible to plan exclusive activities upon request, perfectly meeting the requirements of the client. These activities can take place within QC Termeroma as well as in the rest of the Lazio region (Rome and the surrounding area).

suggested activity | team building activities tailor-made for the client

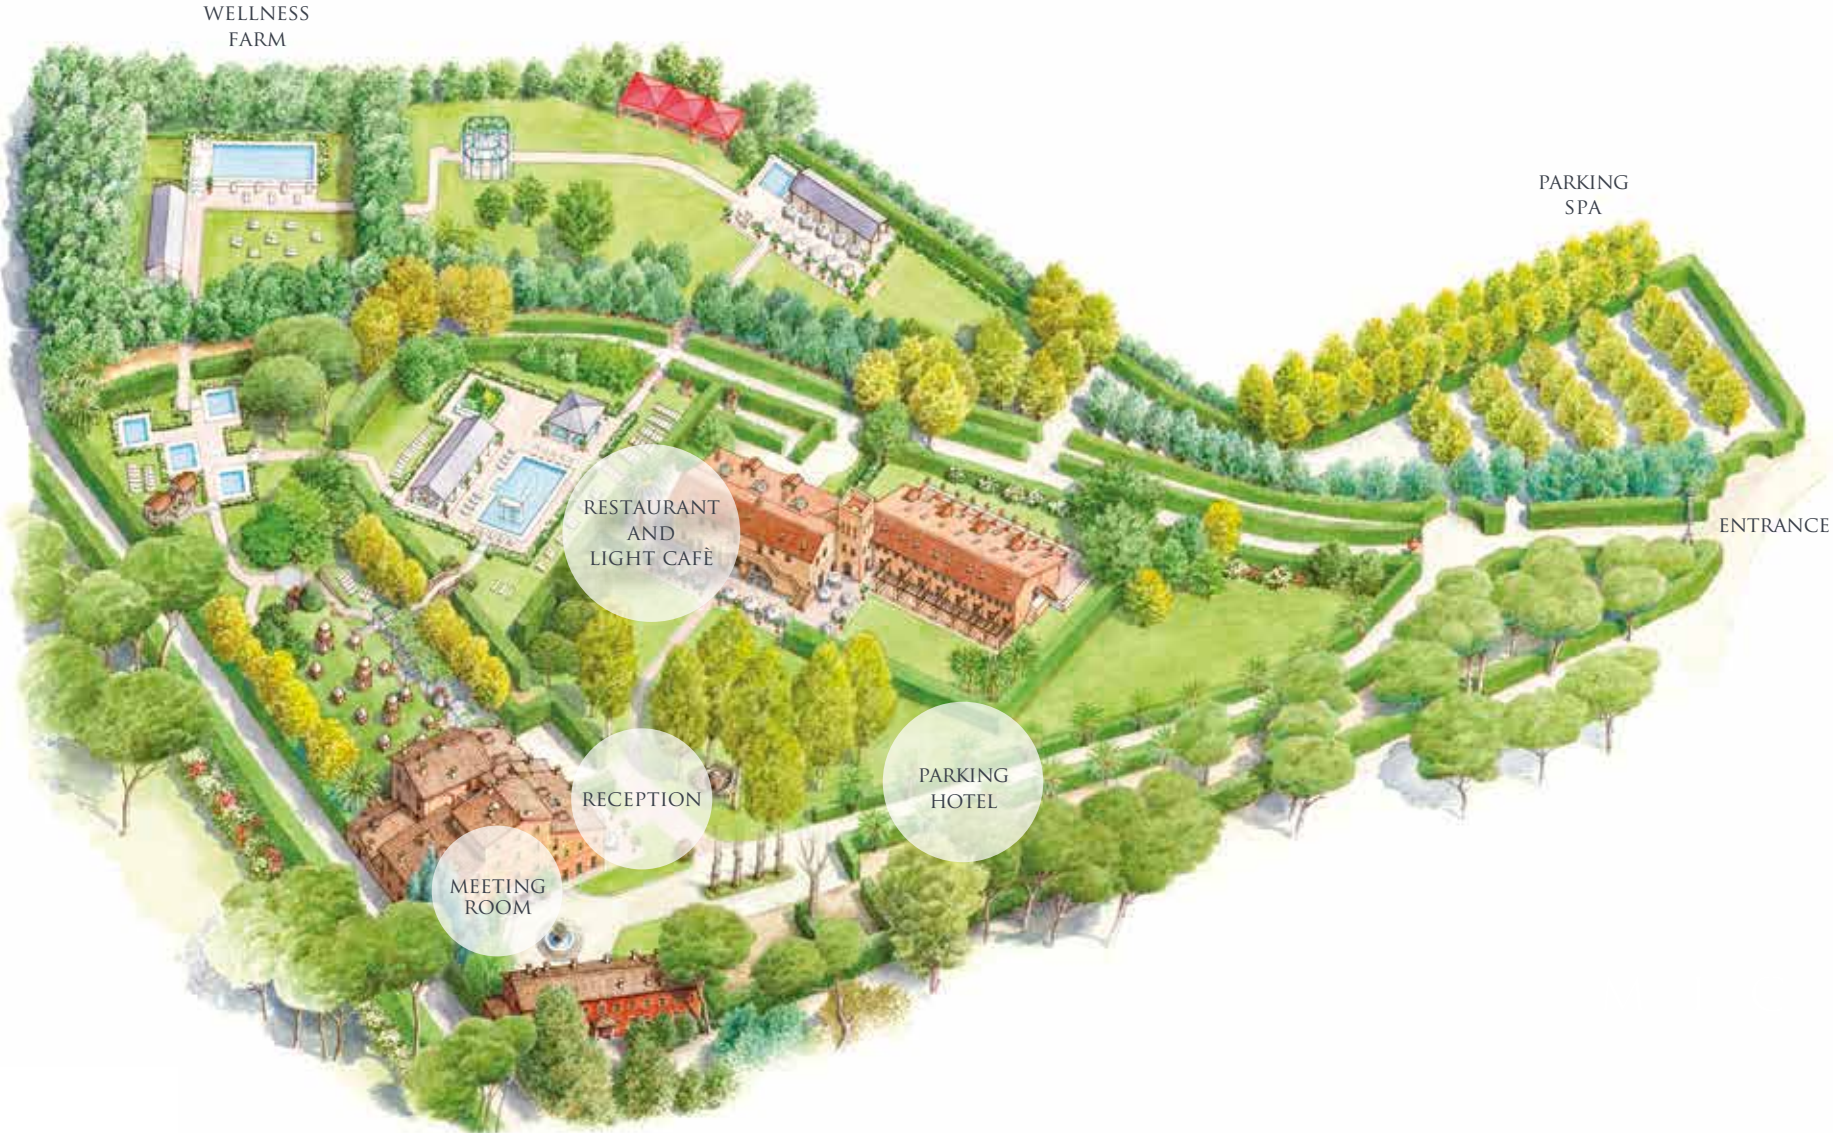

duration | from 2 hours to several days

useful info | contact those responsible at “Mai dire eventi” directly, well in advance in order to define the team building activity that best meets the needs of the company.
